Indira Gandhi Institute of Medical Sciences, Patna

Guidelines for Oral Presentation

- **Presentation Length and Format:** Oral presenters will be allocated 8 minutes for their presentation and 2 minutes for questions and answers with the audience. If the presentation exceeds 8 minutes, the moderator will shorten the Q/A period that follows the presentation.
- Presentations from randomized trials and cohorts should follow the ICMR guidelines, including reporting of study designs (eg, prospective, observational, randomized, double-blind, STROBE, CONSORT, or others), statistical methods, and outcomes by demographic variables.
- **Content Slides:** up to 8 slides is optimal, allowing 1 minute per slide. Not more than 7 lines per slide. You may choose to use more than 8 slides, but please be sure to complete your presentation within the allocated 8 minutes. The content slides should give an overview of the research with conclusions and future research direction.
- **Please note that corporate logos, QR codes, and bar codes are not permitted on slides for oral presentations.**
- **Slide Format:** MS PowerPoint. with apply widescreen formatting when preparing your slides (aspect ratio 16:9; resolution 1920 x 1080).
- **Slide Submission:** Speakers must bring their slides half an hour before the time of presentation on a portable drive to the respective hall as per told by the organizing committee of ISRPTCON2018 so that slides can be uploaded to the presentation computer
- Departmental Research Committee/ IEC Approval scanned softcopy should be in the presentation.
