

## Guidelines for Poster Presentation

- **TITLE:** The title should be the same as in the submitted abstract.
- **SIZE:** The poster must be **A0 size** (A0 size is 841mm x 1189mm) in **portrait orientation**.
- **LETTERING:** The poster should be easily readable at a distance of two metres. Use UPPER and lower case for general content as the use of all-capital text is difficult to read. Avoid using a mixture of type/font styles.
- **TITLE:** Include the title of your presentation at the top of the poster. Characters should be a minimum of 48 point font size. Presenter name (Bold and Underlined), Institute should also be displayed on the poster.
- **HEADINGS:** 48 to 60 point font size is recommended for headings.
- **CONTENT:** 24 to 32 font size single spaced is recommended. The text should be concise and easy to read. Poster Material should be presented under the Headings: Introduction, Material & Methods, Results, Conclusions, References & Keywords. Result should be displayed through the graph & tables as much as possible. The message that your poster contains should be clear and understandable without the requirement of oral explanation. If relevant, methods should be presented simply and concisely. After the title, the two most important panels are the Introduction and the Conclusion. On the basis of these two panels, a reader will decide whether to consider the poster details and perhaps talk to the presenter. These panels need to be very simple, concise and visually attractive. Results should be presented graphically if possible. Avoid large tables of data.
- Results should be in line with those originally submitted in your abstract.
- Use pictures, symbols and colour. Figure legends are essential and should be short but informative. If using graphs, they should have a short heading.
- For visual effect, we recommend that graphs be no smaller than 12cm x 18cm. Photographs should be no smaller than 12cm x 18cm. Use the space to attract your audience for discussion, not to present complex details of methods and results.
- We kindly ask Poster presenters to stand at or near by their poster till the judges visits your posters. This will allow you the opportunity to talk with delegates about your poster and answer questions regarding your work.
- When you are not there, leave a note saying when you plan to return. You may also want to provide a mobile phone number or business cards so another delegate can arrange to meet you at a specific time.
- Poster presenters must be prepared to answer questions and discuss your material with the judges/interested delegates.
